

Motor Driven Sirens

Mini Mono P

Features

- High quality siren sound
- Bayonet mounting plate for ease of installation
- Choice of voltages
- Low voltage DC and high voltage AC for use in all applications

Overview

The Mini Mono P is a small motor driven siren designed for fire and general alarm signalling.

Designed for ease of mounting, it has a separate mounting plate which connects to the main body with a bayonet locking action and has a locking screw for additional security.

The mounting plate is suitable for surface mounting or for use with a conduit (BESA) box depending on installation requirements.
