

Klaxalarm Boxer

The Klaxalarm Boxer is a simple, low cost fire alarm solution for small buildings.

Battery powered, the Klaxalarm Boxer utilises a combined call point/sounder and can be used individually or with up to 12 units interlinked to form a complete fire alarm solution.

The Klaxalarm Boxer is ideal for use in small retail, warehouses, village halls, temporary buildings, construction sites, portacabins, industrial units, camp sites and marquees.

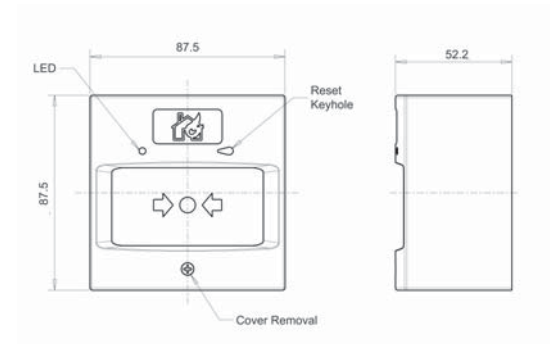

Designed for ease of installation, the Klaxalarm Boxer can be used if the main fire alarm system is under maintenance.
